# Watts Up

March 2010

## Thanks Kyle!

Kyle Hilliker had just completed his first semester of his 3<sup>rd</sup> Year in the apprenticeship program when he was in a serious car accident. Due to the nature and extent of his injuries, Kyle is unable to return to the electrical field. Kyle has donated some of his tools to the program for some less fortunate students. The good news is that Kyle is walking, talking and even driving. Kyle will continue his education to become an electrical engineer. We at FEAA would again like to thank Kyle for his donation, and wish him the best of luck in his future endeavors.

***Please remember to fill out the enclosed evaluation on your apprentice and send back to us. These evaluations give us valuable insight as to how your apprentice is doing on the job. As always, thank you for your continued support of apprenticeship!***

## Please remind your apprentice to:

Make sure that all of their work records are completed, signed and turned into the apprenticeship office. FEAA **CANNOT** release an apprentice's certificate of promotion/completion without proper up to date documentation.
